This Year: 2020-2021

- No materials from grant monies have arrived yet
- Currently using a green sheet draped on the wall
- iPad 2
- DoInk app
- No microphone

- Limitations this year: cannot film in groups, masks on, time restraints due to being hybrid until April, can't hang on the wall due to fire codes

Materials Purchased with the EMTA Grant

- One Rapid Background Green Screen
- Two new iPads
- Two iPad cases
- Two Blue Snowball microphones and adaptors
- Planning to purchase an additional Rapid Background Green Screen

Past Uses for the Green Screen

- Product options for research projects for K-5
 - Kindergarten - animal research & filmed a fact
 - First grade – filmed touchdown dances using temporal words (first, next, last)
 - Second grade – choice of research topic & filmed a fact
 - Third grade – state research & plan a trip to that state
 - Fourth grade – country research & videos about that country
 - Fifth grade – careers project & filmed mock interviews

The Future

- With updated technology we will be able to have two green screen stations for students to create videos.
- Munn News club with special reports
- Library Club
